

Environment Policy

Banga Building Materials Limited (BBML) is committed to protect the natural environment and provide clean, safe and healthy facilities and work practices. This commitment includes that:

We will comply 100% with all applicable local legal requirements, **BBML** maintains customers' requirements related to significant aspects & risks associated with our activities and will implement programs and procedures to assure compliance.

We will employ management systems to look for ways to minimize risk and protect our employees and the communities in which we operate by employing clean technology, including safe technologies and safe operating procedures, as well as being prepared for emergencies.

We will ensure the participation of all employees in EMS issues and provide appropriate EMS training and educate employees to be safety and environmentally responsible on the job.

We will Control air, water and noise pollution in its surface operations. We will minimize the amount and toxicity of waste generated and will ensure the safe treatment and disposal of waste.

We will manage scarce resources, such as water and energy in an environmentally sensitive manner.

We will conduct our operations maintaining biodiversity and in environment friendly manner. Also adequate planting and green environment will be ensured.

We will continuously seek opportunities to improve our adherence to these principles, and will periodically report progress to our stakeholders.
